"HOW DID I BECOME A GOURMET POPCORN CHEF..." *& connoisseur?"*

My love of popcorn began while taking regular trips to the USA, each time returning with flavoured popcorn as gifts for friends and family. Realising that there was nothing quite like this in the UK, I wondered if I could make my own flavoured popcorn, but even better. I began by air popping the corn and coating it in a smooth caramel made from fresh butter rather than what was the standard British way of popping it in an oil and sugar mix.

I then discovered that by using 100% natural ingredients and a unique process I could lock in flavours so that they flourished on the palate at different intervals as you're eating the popcorn. I took this further and created a range of exciting flavours, including savoury ones made with real cheese!

After many burnt pans and late night tasting sessions in the family kitchen, my Wife, eldest Son, and I took my popcorn to a food show in 2010 where we sold out in just two days! Shortly after we achieved our first prestigious retail listing and...

...Joe & Seph's Gourmet Popcorn was born.

THE NAME **JOE & SEPH'S** REPRESENTS MY TWO ROLES AS BOTH '**JOE**' THE GOURMET POPCORN CHEF, AND '**SEPH**' THE POPCORN CONNOISSEUR.

LOOK CAREFULLY AND YOU'LL SEE MY CHEF'S HAT...

...IS ACTUALLY MY TOP HAT UPSIDE-DOWN!

WHAT MAKES OUR **POPCORN** SO **SPECIAL**?

WE STRIVE TO **DO THINGS DIFFERENTLY**, TO ENSURE THAT OUR POPCORN IS THE **VERY BEST TASTING** POSSIBLE. THIS IS WHAT SETS US APART...

- 1. HANDMADE IN ENGLAND**
All of our popcorn is handmade by our small team of chefs in our kitchen in London.

- 2. AIR-POPPED**
We air-pop our extra large 'mushroom' kernels, which is healthier than frying and results in a better texture and taste.

- 3. ALL-NATURAL INGREDIENTS**
We use only the finest natural ingredients.

- 4. FLAVOUR SEQUENCE**
Our unique cooking technique means the flavours unlock as you crunch on the popcorn.

- 5. EXTENSIVE RANGE**
Our range of over 40 innovative flavours offers sweet to savoury and everything in between, and we're always developing exciting new flavour combinations!
